

## KEY FEATURES

### 72" BRUSH RAKES

Ryan's 72" Brush Rakes has a large open throat area with two independent top clamps to secure the load. The heavy duty  $\frac{1}{2}$ " steel tines are equally spaced by 8" with  $1\frac{1}{4}$ " steel tips. Also available in 66" and 84" widths.

The heavy duty design features plenty of clamping power ideal for loading and piling brush, logs, rocks and light demolition debris. This 72" is meant for the larger-sized skid steer.
