## MULCHER

The Ryan's Wood Hunter Mulcher has a high torque variable displacement bent axis motor rated at 380 hp. It will reduce hydraulic oil temperature which extends hoses, oring, pump, and motor life. The motor also adjusts to accommodate different pump flows.

The affordable steel or carbide teeth are easy to access and are rotatable.

Maintenance is simple! It only takes minutes to disassemble and reassemble. Our mulcher utilizes a high strength polychain belt drive.

## SPECIFICATIONS

---

|                    |             |
|--------------------|-------------|
| Cutting Width:     | 60"         |
| Overall Width:     | 73"         |
| Height:            | 58"         |
| Depth:             | 46"         |
| Weight:            | 1800 lbs.   |
| Number of Teeth:   | 28          |
| RPM range:         | 2000 - 2200 |
| Carrier HP:        | 70 - 140    |
| Minimum Hyd. Flow: | 27 gpm      |
| Maximum Hyd. Flow: | 50 gpm      |
