Brush rakes have large open throat area with a large top clamp to secure the load. The heavy duty design features plenty of clamping power ideal for loading and piling brush, logs, rocks and light demolition debris.

Offer several sizes for the mini skid steer, 35" width for going thru gates, and the standard 42", 46" for the mid-sized and 72" for the larger-sized skid steer.

66", 72" and 84" Brush Rake
