

**THE
KRAKEN**

The solution to handle large pieces of timber. The Kraken will bust apart logs and stumps that would otherwise be left for waste, into manageable sizes for wood grinders, chippers or fire wood processors.

Features:

- 90° rotation
- Cylinder 5" x 24" with 3" rod
(12.7 x 61 cm with 8 cm rod)
- Harden steel bushings and chrome pins
- Heavy duty construction
- Can be inverted]
- Weight: 2,000 lbs

Ideal attachment for excavators, loaders, chippers and skid steers.
