

12" FELLER BUNCHING SHEAR

Ryan's 12" Feller Bunching Shear has dual adjustable knives, made of AR400. Requires just standard auxiliary hydraulics and is a perfect fit for the mid-sized skid steers, loaders and mini excavators. Same heavy duty construction as the 14", 15" and 16" Ryan's shears.

The 12" Feller Bunching Shear has two grabber arms for securely holding on to the trees and one accumulator to gather multiple trees into its 128 sq. in pocket.

SPECIFICATIONS

MODELS	12
Width	50"
Depth	40"
Weight	1570 lbs.
Grabber Arm Cylinder	(2) 2 x 10"
Accumulator Arm Cylinder	2 x 10"
Knife Cylinder	(2) 4 x 8"
Adjustable Knife	2
Cutting Capacity	12"
Accumulating Capacity	128 sq. in
Hydraulic Flow Requirements	15-40 gpm
Hydraulic Pressure Requirements	3,000-4,000 psi

OPTIONS	Conversion kit from quick attach to mini excavator
---------	--

14" BUNCHING SHEAR

Ryan's 14" Bunching Shear is lighter, narrower and 25% faster than the competition. The large pocket is capable of accumulating many small trees or 1 or 2 larger trees and has faster cycle times than traditional shears. The 14" Bunching Shear has one fixed knife and one adjustable knife, made of AR400, can be easily re-sharpened and/or replaced.

SPECIFICATIONS

MODELS	14
Height	66"
Width	48"
Depth	43"
Weight	1700 lbs.
Grabber Arm Cylinder	3 x 10"
Accumulator Arm Cylinder	2.5 x 10"
Knife Cylinder	5 x 14"
Fixed Knife	1
Adjustable Knife	1
Cutting Capacity	14"
Accumulating Capacity	350 sq. in.
Recommended Hydraulics	Standard auxilliary supplied with diverter valve for accumulator arm.
Hydraulic Flow Requirements	15-40 gpm
Hydraulic Pressure Requirements	3,000-4,000 psi

OPTIONS	Conversion kit from quick attach to mini excavator Excavator mount with mounting rails Standard bolt on rail excavator mount Lateral tilt mount
---------	--

15" FELLER BUNCHING SHEER

Ryan's 15" Feller Bunching Shear has dual adjustable knives, made of AR400, ideal for shearing the larger hardwoods. Requires the standard auxiliary hydraulics and is a perfect fit for the large skid steers, loaders and excavators.

The 15" Feller Bunching Shear has two grabber arms for securely holding on to the trees and one accumulator to gather multiple trees into its 325 sq. in pocket.

SPECIFICATIONS

Height	66"
Width	65"
Depth	46"
Weight	1800 lbs.
Grabber Arm Cylinder	(2) 3 x 10"
Accumulator Arm Cylinder	2.5 x 10"
Knife Cylinder	(2) 5 x 11"
Adjustable Knife	2
Cutting Capacity	15"
Accumulating Capacity	325 sq. in
Recommended Hydraulics	Standard auxilliar supplied with diverter valve for accumulator arm.
Hydraulic Flow Requirements	15-40 gpm
Hydraulic Pressure Requirements	3,000-4,000 psi

OPTIONS

Conversion kit from quick attach to mini excavator
Excavator mount with mounting rails
Standard bolt on rail excavator mount
Lateral tilt mount
